Friday 18 School assembly

Principal's message

Dear Parents and Carers,

Last week we celebrated Education Week here at school. Although it looked a little different this year we still managed to celebrate it in style.

We began our celebrations with STEM activity rotations where students visited each classroom in their peer support group and participated in a range of activities that demonstrated how successfully we can learn together.

On Wednesday we had a World of Maths incursion where students engaged in a variety of mathematical activities that tested their problem-solving skills. It was great to see the persistence and determination demonstrated by our students as they worked together to complete each activity.

On Friday we concluded our Education Week celebrations with our school assembly. This was the first assembly we have been able to have this year where we could present students with their honours awards. Congratulations to everyone who received an award at this assembly. Unfortunately, our athletics carnival had to be postponed as a result of the weather.

As you are well aware all excursions are currently on hold. Our Stage 2 and Stage 3 camp is scheduled for Term 4. We will be keeping these bookings in anticipation that they will be able to go ahead next term. In order to help you prepare for these camps the details of each are as follows:

Stage 2 – Brewongle overnight camp Thursday 29 October – Friday 30 October. Approximate cost \$200

Stage 3 – Point Wolstoncroft Sport and Recreation Centre Wednesday 4 November – Friday 6 November. Approximate cost \$380.

Over the last 4 weeks we have been focusing on the following learner characteristics:

Resourceful – being ready, willing and able to learn in different ways. An active learner is someone who is involved in the learning process. They take part in discussions, ask questions, contribute their ideas, discuss what they have learnt with others, ask for help when they are unsure and collaborate effectively with others.

Self-aware – aware of their own actions and the environment around them. They make honest and accurate judgements and take responsibility for their own actions. They use mistakes as a valuable learning opportunity to improve.

Resilience – ability to cope when things go wrong. Resilience can be described as bouncing back, dealing with challenges, holding your head up, giving things a go and trying your best, standing up for yourself and being able to cope with what life throws at you.

Please continue to remind your child/ children about social distancing and to inform you or their teacher if they are feeling unwell. Any child who is unwell will be sent home from school. Keep yourself updated with the latest information about the departments response to COVID-19 by following this link <https://education.nsw.gov.au/covid-19>.

In addition to these infection control measures, we are requesting that any cakes or goodies brought in the help celebrate children's birthdays are purchased from a shop and not homemade.

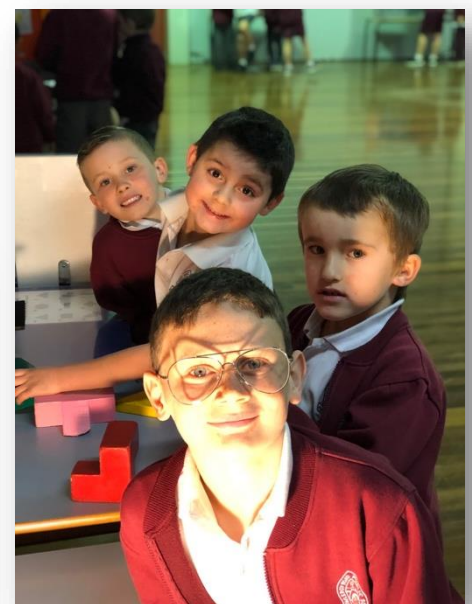

Please inform the school of any confirmed cases of COVID-19 and follow the advice on hot spot locations to ensure we help control the spread using this link <https://bit.ly/33L46o7>. We will continue to keep you updated as required.

Thank you for your continued support and for your commitment to your child's learning.

Look after yourself and look after each other.

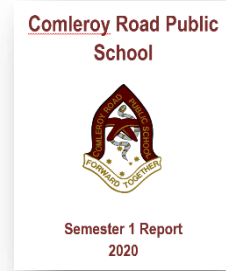

Your sincerely

Kristen Barglik
Principal

Semester one reports

Semester 1 reports have gone home so if you haven't received your child's report, please contact the school. If you would like to book a phone or zoom appointment to discuss your child's report, please contact the school so the class teacher can arrange a suitable time.

School photos

Our school photos were postponed last term and they have been rescheduled for next term, Thursday 10 September. All group and class photos will be taken on this day. If you haven't already ordered and paid for your photos please ring MSP photography on 9831 5505.

Kindergarten enrolments 2021

We are currently taking enrolments for 2021. If you have a child who is starting Kindergarten next year and have not completed an enrolment form please come and collect one from the front office. If you know of any other children who are starting Kindergarten next year, please encourage them to contact the school.

Canteen Days

Wednesday

Over the counter sales only.

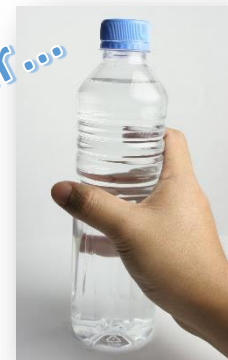

Friday

Lunch orders and over the counter sales.

Year 6 Transition to High School

The Year 6 transition to high school program has been delayed due to the current restrictions. We are currently working closely with Colo High School to modify the transition program to ensure our Year 6 students are still given this opportunity. We will advise you of these arrangements when they are finalised.

Reminder...

All students need to bring their own water bottles to refill throughout the day.

5/6K writing samples about Education Week

On Monday we did six rotational activities. There were activities in each classroom. We made our own versions of Pablo Picasso art. What we had to do was draw insanely distorted humans with random lines and shapes. It was rather fun. Thank you Mrs Cross.

We also learnt about Italy. It looks a bit like a leg with a boot on it. We also learnt about its history and coloured in a gladiator while listening to a story about Pinocchio. Thank you Mrs Kidd.

We went to 2/3G and built lego robots and afterwards we programmed them to do various movements. Thank you Mrs Gerisch.

In 3/4B we made makeshift binoculars to find lost animals. We then marked where we found them on a map. Thank you Miss Bennett.

By Nathan Stevens

On Monday, 3 August it was the start of Education Week. Education week is a week that boosts student education for a whole week.

On Monday our school went around to each classroom in our peer support groups. In each classroom there were different and fun activities. My favourite activities were the minute to win it games in K/1C, Italy in 5/6K, art in 5/6B and robotics in 2/3G.

By Jack Dent

On 3 August 2020 we did rotations with our peer support groups. All of the students went around to each classroom to complete an activity that the teacher had organised. It was a fun learning experience to do in groups during Education Week.

With Miss Bennett we had to find zoo animals and make binoculars.

In Mrs Taylor's class we made wind chimes using string and beads.

Miss Chenery's class played Win It In a Minute and that was my favourite. It was challenging and hard because we only had a minute!

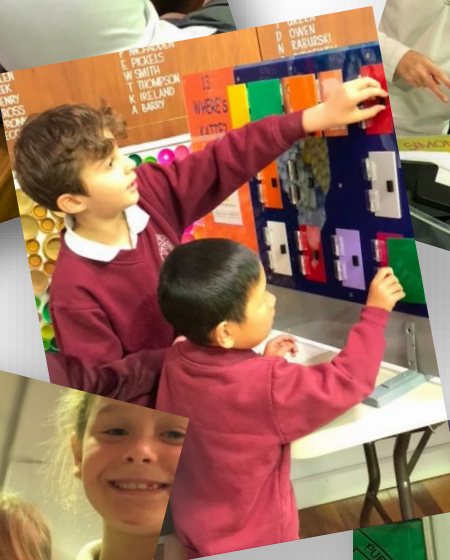

With Mrs Cross in 5/6B we did a Pablo Picasso artwork.

In Mrs Kidd's class we learnt about Italy and coloured in. I enjoyed the whole day with my peer support group.

Top 5 online safety tips for kids

1

Set up your device to protect your information.

2

Explore safely & tell an adult if you see anything online that makes you feel yuck.

3

Limit who can contact you when you're playing games.

4

Stop all contact with anyone online who asks you to do anything you don't want to do. Report and block them.

5

Ask for help if anything online is bothering you.

Top 5 online safety tips

- 1 Think of others' feelings** before you post, like or share content.
- 2 Ask for permission** before you share a photo or video with someone else in it. Respectful online relationships start with consent.
- 3 Be an upstander** Speak up if you see someone cyberbullying or sharing nudes in a group chat – let them know that's not okay. Report and delete it.
- 4 Use privacy and screen time** settings to take control of your digital life and its impact on your mental health.
- 5 Ask for help** Cyberbullying and sharing intimate images without consent can be distressing, but eSafety can help remove them.

SAFE: I make wise choices to ensure no harm comes to anyone.

RESPECTFUL: I appreciate everyone for who they are. I will use positive words and actions to ensure everyone feels accepted.

LEARNERS: I am always ready to do my best. Education is a life-long process. It gives me opportunities for life.

Comleroy Road P&C Association

Next meeting: Tuesday 1 September via Zoom
